Fundamentals of Laparoscopic Surgery™ Trainer System

Working closely with the SAGES-ACS FLS committee, we have revolutionized the FLS trainer system. Introducing an updated series of laparoscopic training products exclusively designed and endorsed for the FLS Program.

The systems come complete with a training box and TV camera alongside a range of tasks designed to develop the skills necessary to perform the fundamentals of laparoscopic surgery.

FLS Trainer Box with TV Camera

This product is economical and portable, making it ideal for training centers.

Note that users must provide their own TV screen.

Product No: 50302

The Limbs & Things FLS Trainer comes complete with a TV Camera

The FLS Skin Frame is constructed from durable neoprene and uses clips to attach to the frame securely. It has 2 pre-incised holes for the Trocars

Rubber strips provide the FLS Trainer Box with a sturdy platform for training

The white acrylic and open ends of the trainer allow for ambient light to enter the training area

A variety of manual skills products are available for use with the FLS Trainer Box. Designed to develop the skills necessary to perform Laparoscopic Surgery

FLS Trainer System with TV Camera

The FLS Trainer System incorporates all of the features of the FLS Trainer Box but also includes a 19" Television Screen and a Mobile Sim Cart. This product offers greater flexibility and is an extremely cost-effective option for training centers.
